# GLACIER BLUE

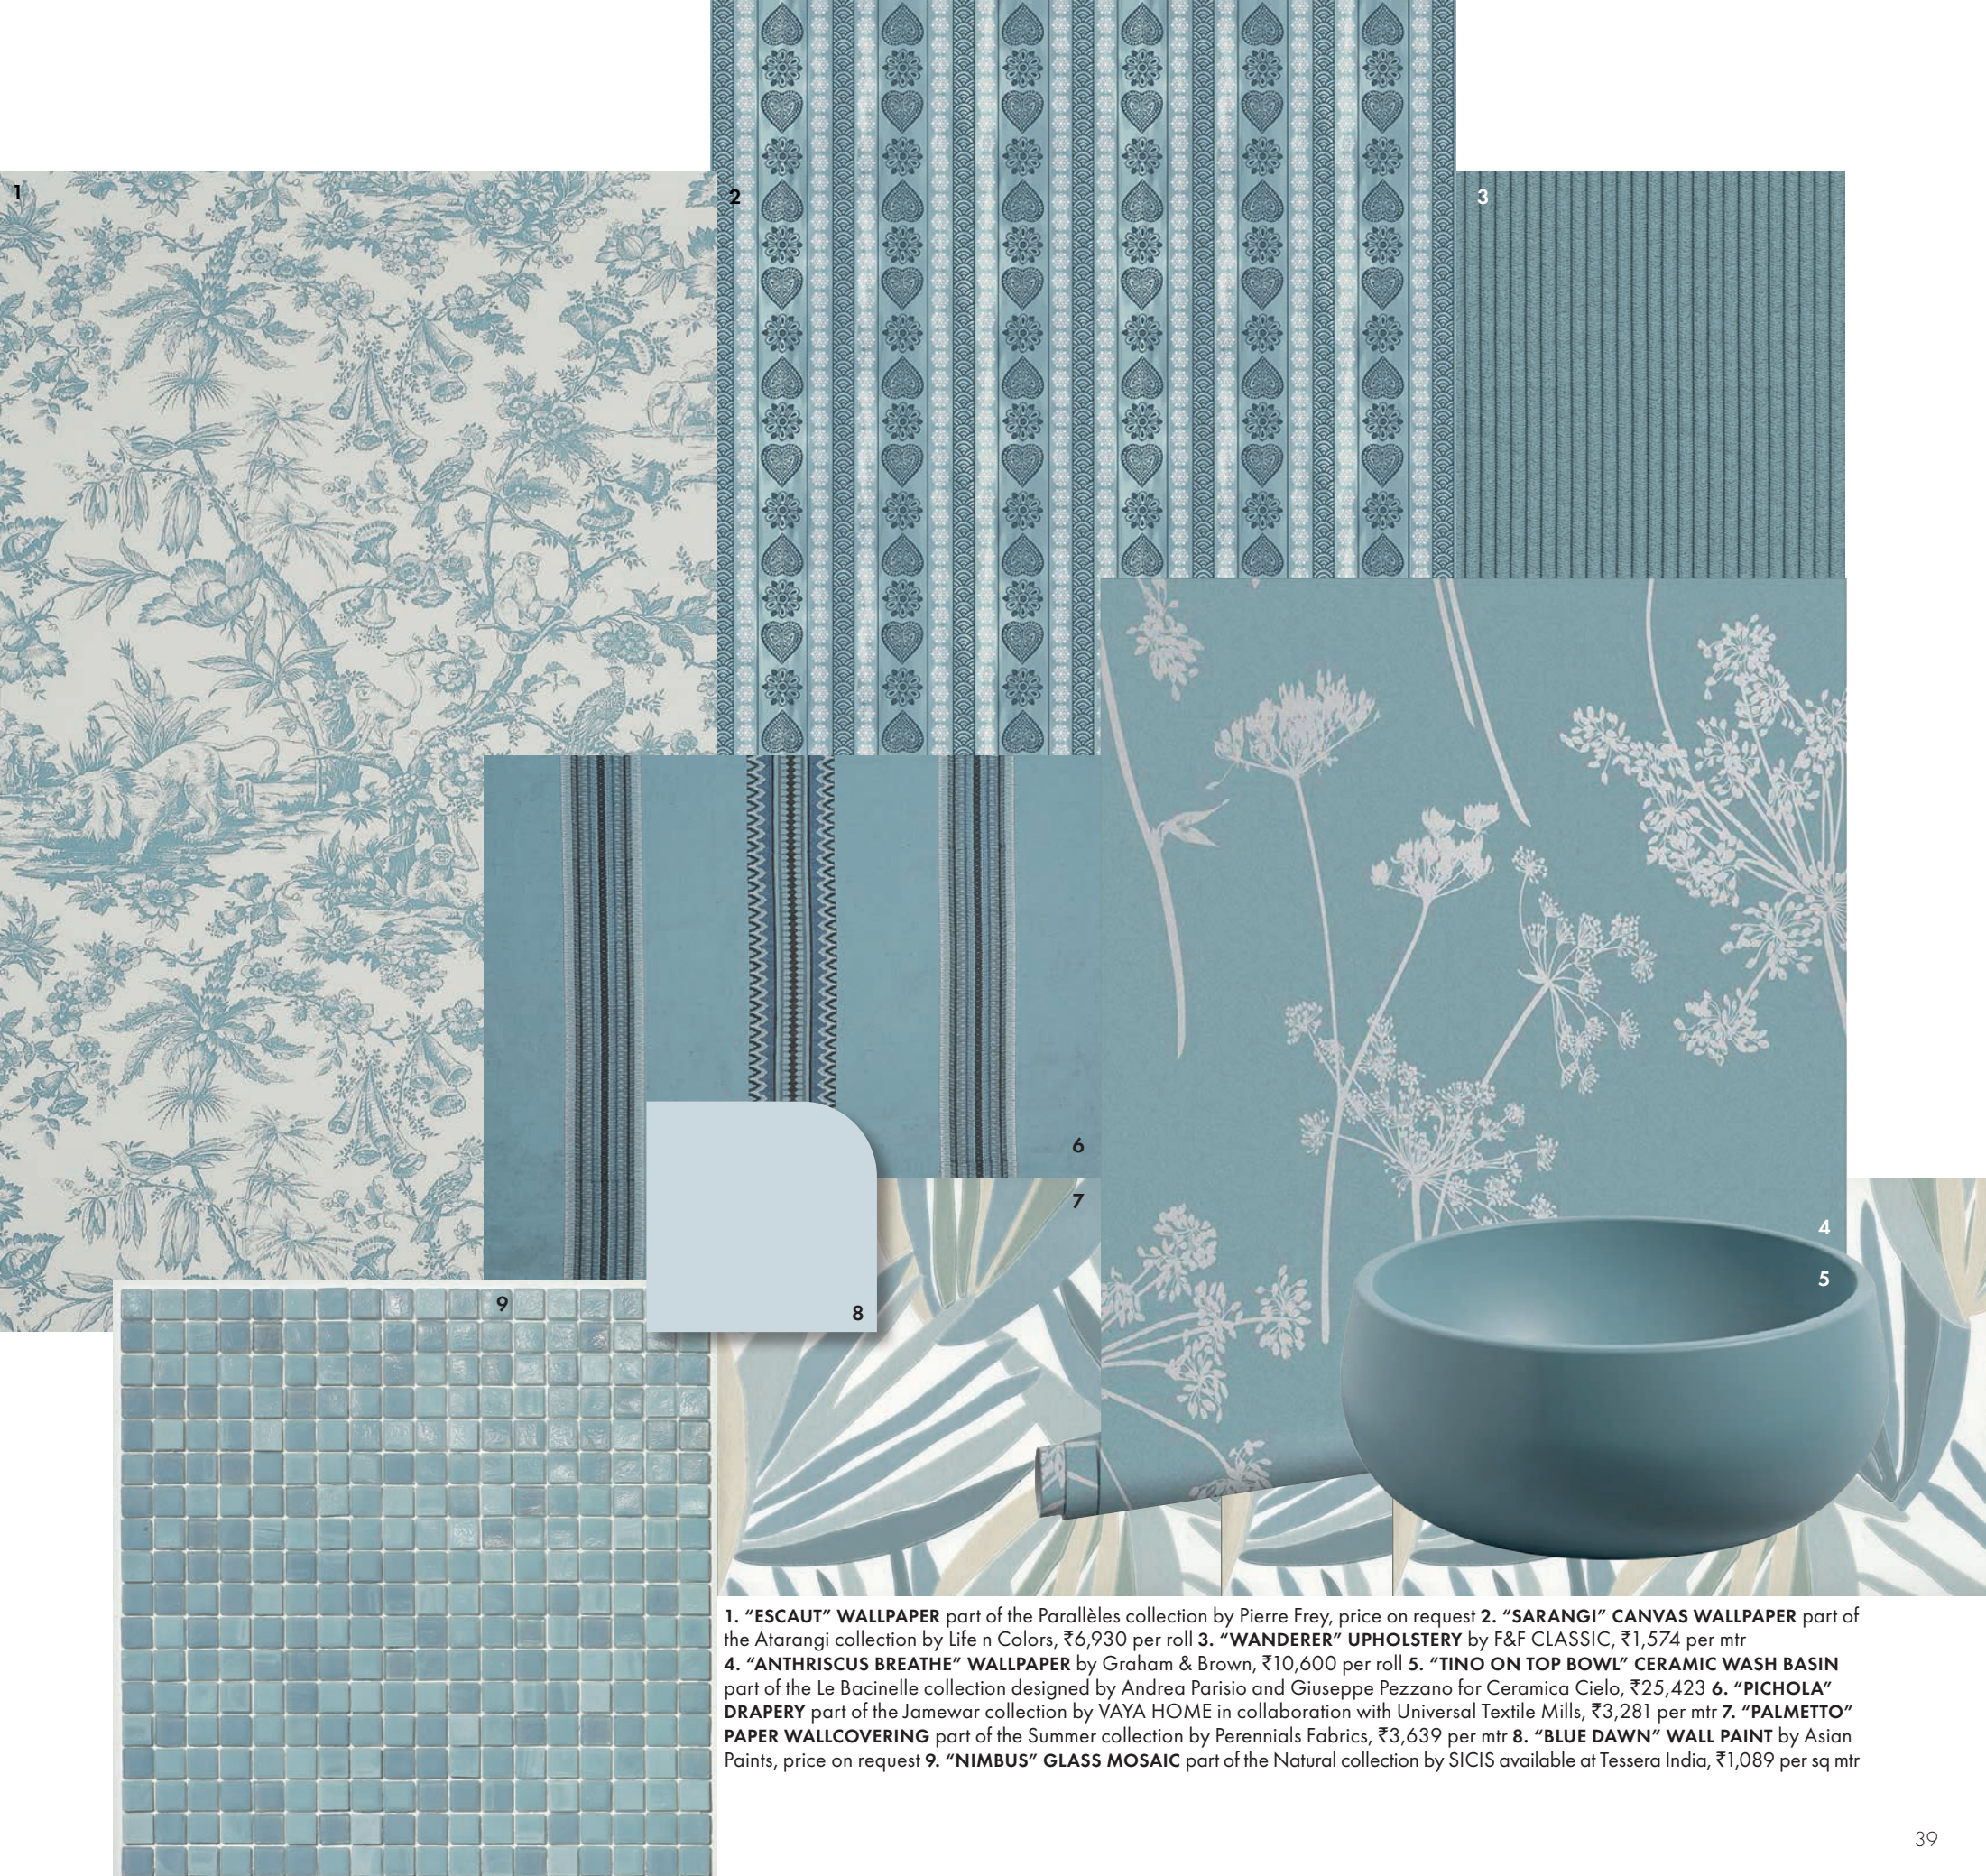

*The only thing on our mind this season?  
An icy hue as effortless as a summer  
breeze. Crisp, cool and lighter than air.  
A splash in the pool that leaves your skin  
tingling. This pale blue is dapper without  
trying and stylish without care*

## The Features

It's snowing inspiration at Eshita Marwah's office in Surat and her canine baby, Ella approves. Glacier Blue makes a refreshing appearance paired with pops of red and whimsical furniture. Frosty yet fun, soothing yet suave, the azure shade works overtime to balance e & co.'s poised and playful approach.
